

The Apache Software Foundation

<http://www.apache.org/>

Apache has been the most popular web server on the Internet since April 1996. The November 2005 Netcraft Web Server Survey found that more than 70% of the web sites on the Internet are using Apache, thus making it more widely used than all other web servers combined.

The Apache HTTP Server is a project of the [Apache Software Foundation](http://www.apache.org/).
